SPECIFICATIONS FOR MOTOR PAVING

SCOPE:

The work consists of the furnishing and installing a cold mix asphalt surface by the use of motor paving machine to repair damaged roadway surfaces.

TIME OF COMPLETION:

Time of completion is critical to prevent further damage to the road. Therefore, each bidder shall indicate on the bid their estimated time available to start the work following award of the bid and how many calendar days they propose to complete following notice to proceed. The bidder's completion date will be considered when evaluating the bids for award.

The completion date will be calculated, and then set based on the bidder's submitted days to complete and that date will become the final completion date that will be used in assess liquidated damages.

MATERIALS: (these are minimum material requirements and bidding greater than minimum size, different steel shape, strength or quality is permissible)

- Base Mix Aggregate - #57 Limestone @150#/syd
- Base Liquid – MC-800 @ 0.751 gal/syd
- Choke Aggregate - #9 Limestone @ 10#/syd
- Seal Cover Aggregate - #8 Limestone @ 20#/syd
- Seal Cover Mix Liquid – AE-90 @ 0.40 gal/syd
- Curing Time Will Be 2 Weeks

MAINTENANCE OF TRAFFIC:

The contractor shall erect traffic control devices indicating "ROAD CLOSED" where indicated by the engineer, with local traffic maintained at the nearest through public road intersection on each approach roadway in advance of the project site where the road is closed.

Where directed, traffic is to be maintained, "One Lane Road Ahead" signs shall be used and adequate flagging of traffic shall be used to safely permit traffic through the work area during work hours.

Equipment left on the job site after work hours shall either not impede traffic or shall be adequately delineated, and be in a location where adequate sight distance will permit safe one-way traffic operations. Otherwise the equipment shall be moved off the road or the road closed.

Closing the road shall be kept to a minimum and the road should be reopened to one lane traffic as soon as possible where sight distance will permit and the construction area can be adequately protected and the public can be adequately warned.

Barricades and other warning devices shall be used to delineate the hazard area of the work during non-work hours.

All signs, barricades or other warning devices shall conform to the Ohio Manual of Uniform Traffic Control devices as to background and lettering color, size and reflectivity.

ESTIMATES:

Each location shall be submitted separately for payment with standalone itemization of quantities/units at the unit prices bid for each location. A sheet for each location is included in the bid for information purposes. The bid sheet will include the grand total of each location's quantities. For Mobilization, Traffic Maintenance, Performance Bond, the item shown a lump will be billed prorated on the basis of each location's percentage of the grand total bid in order.

PREPARATION OF PROPOSALS

The blank spaces in the proposal must be filled in correctly, where indicated, and typed or written in ink. Erasures, strikeovers and/or whiteout shall void bid.

The bidder is required to enter a unit price bid in the "Unit Price Bid" column and to multiply the unit price bid times the quantity set forth for the "Reference No." and then to enter the result in the "Total" column. The bidder is further required to enter a lump sum bid in the "Total" column for each "Reference No." which requires a "Lump Sum Bid". The bidder shall then add all of the figures in the "Total" column and enter the sum in the three (3) spaces provided for the "TOTAL AMOUNT OF THE BID".

Failure by a bidder to enter a unit price or lump sum price for each item set forth in the bid proposal will render the bid informal.

The "TOTAL" AMOUNT OF Morgan County Commissioners in reading bids. The unit price entered in the "Unit Price Bid" column and the lump sum price entered in the "Total" column will govern the award of contract.

The first seven bid tables are to be bid as individual "stand alone" projects. The eighth table is for bidding the seven individual job forms into a single project. The engineer will decide which bid combination will be the best for Morgan County.
