VILLAGE OF MCCONNELSVILLE

Nestled along the scenic Muskingum River, the Village of McConnelsville, established in 1817, welcomes visitors as the county seat of Morgan County, blending rich history with genuine small-town warmth. Its historic Main Street is lined with beautifully preserved homes, unique local shops, and inviting restaurants, while the iconic Twin City Opera House, built in 1894, remains a centerpiece hosting movies, live performances, music, and even popular ghost tours. Serving as a gateway to Muskingum River State Park, McConnelsville also offers a glimpse into life along the river at Lock #7, where visitors can watch the lock master at work, stroll scenic riverfront paths, and enjoy the town's walkable charm.

VILLAGE OF MALTA

Nestled along the scenic Muskingum River, the Village of Malta offers a welcoming small-town atmosphere rich in history and community spirit. Established in 1816, it is known as the hometown of poet James Ball Naylor and features unique sites like the Rock Hollow School, the Morgan County Dungeon, and the Malta Boat Ramp. Visitors can also enjoy summer recreation and events at Kiwanis Jaycees Community Park, shared with neighboring McConnelsville.

VILLAGE OF STOCKPORT

Nestled along the scenic Muskingum River, the Village of Stockport is a charming Morgan County community known for its rich history and small-town hospitality. Established in 1838, it is home to Lock #6 on the Muskingum River Parkway and landmarks like the restored Stockport Mill Inn and Restaurant, along with unique lodging at the Hardware Inn. Visitors can also explore nearby historical sites such as the Big Bottom Massacre location while enjoying peaceful river views and the village's welcoming atmosphere.

VILLAGE OF CHESTERHILL

Tucked among the rolling hills of Morgan County, the Village of Chesterhill offers a peaceful escape filled with history, scenic beauty, and rural Appalachian charm. Founded by Quakers in 1834, the village played a role in the Underground Railroad, and visitors can explore its heritage at the historic Quaker Meeting House and the Multicultural Genealogical Center, with the Union Hall Theater set to host future events. Scenic routes like Ohio's Windy 9 wind through the countryside, where Amish farms, local dining, Henman Cave Park, and the Chesterhill Produce Auction create an authentic and welcoming rural experience.

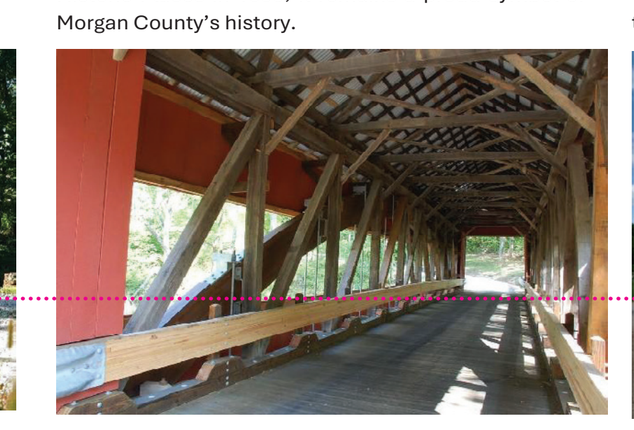

Adams SanToy Covered Bridge

Built in 1875, the Adams San-Toy Covered Bridge spans Sunday Creek near Malta using a multiple kingpost truss design. Measuring 58 feet in length, it once served as a vital crossing for local traffic before closing in the late 1980's. Major repairs in 1994 added steel piers, new siding, and a new roof, preserving its historic character. Listed on the National Register of Historic Places in 1999, the bridge stands today as a reminder of Morgan County's rich rural heritage.

Helmick Covered Bridge

Built in 1867 by Samuel Price for $872, this 72-foot bridge carries Township Road 269 over Island Run near Malta. Once serving Joe Helmick's flour and say mills, it was a vital link for the local community. The bridge was rehabilitated in 1991 and redesigned in 2008 with a Burr arch and center pier removal, restoring its original open-span design. Listed on the National Register of Historic Places in 1999, it remains a proud symbol of Morgan County's history.

Rosseau Covered Bridge

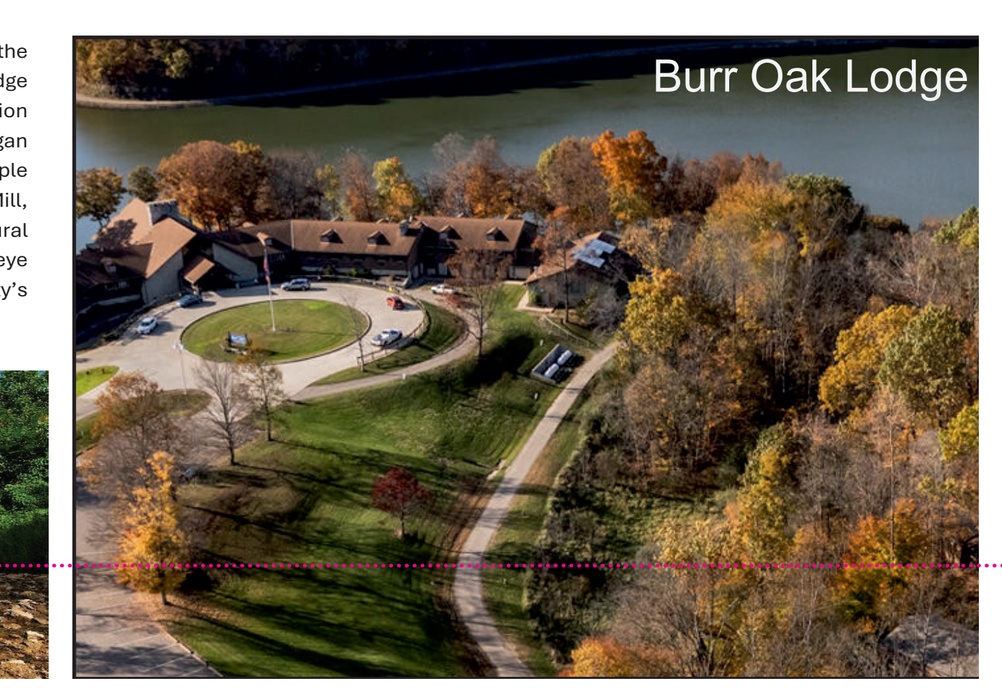

Built in 1881, the Rosseau Covered Bridge originally spanned the West Branch of Wolf Creek in Rosseau. In 1953, county workers moved it for $1,642 to its current location on the Morgan County Fairgrounds, making it one of Ohio's earliest preserved covered bridges through relocation. It employs a multiple kingpost truss design and is 58 feet long. The bridge is now closed to vehicle traffic and stands as a historic centerpiece on the fairgrounds.

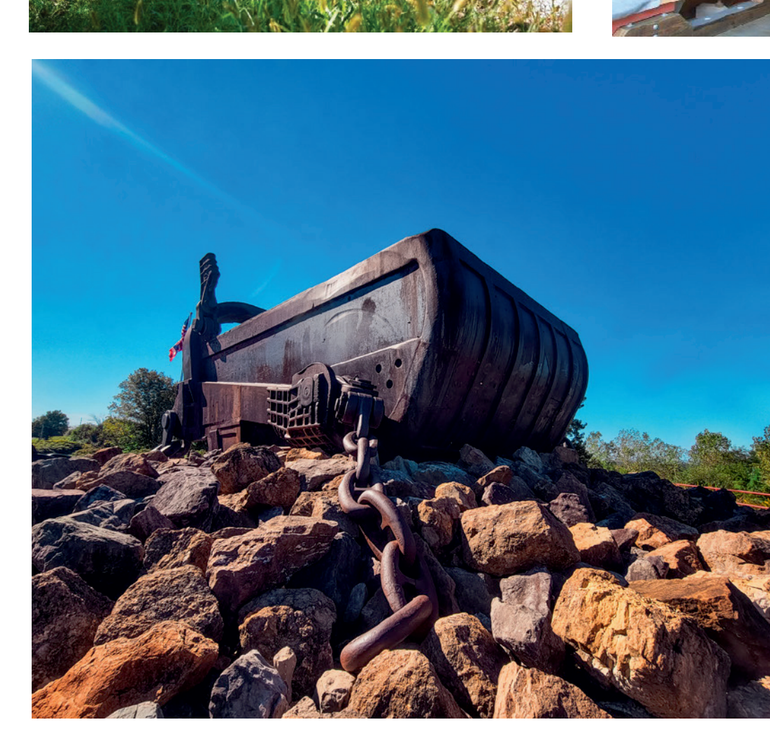

Barkhurst Mill Covered Bridge

The Barkhurst Mill Covered Bridge, also known as the Williams Covered Bridge, was built in 1872 by noted bridge builder John Shrake. Spanning Wolf Creek in Marion Township, it's one of the three covered bridges in Morgan County still on its original site. This 92-foot multiple kingpost truss bridge, named for the nearby Barkhurst Mill, reflects Ohio's 19th-century craftsmanship and rural charm. Still open to light traffic and part of the Buckeye Trail, it offers visitors a peaceful glimpse into the county's historic past.

Burr Oak Lodge

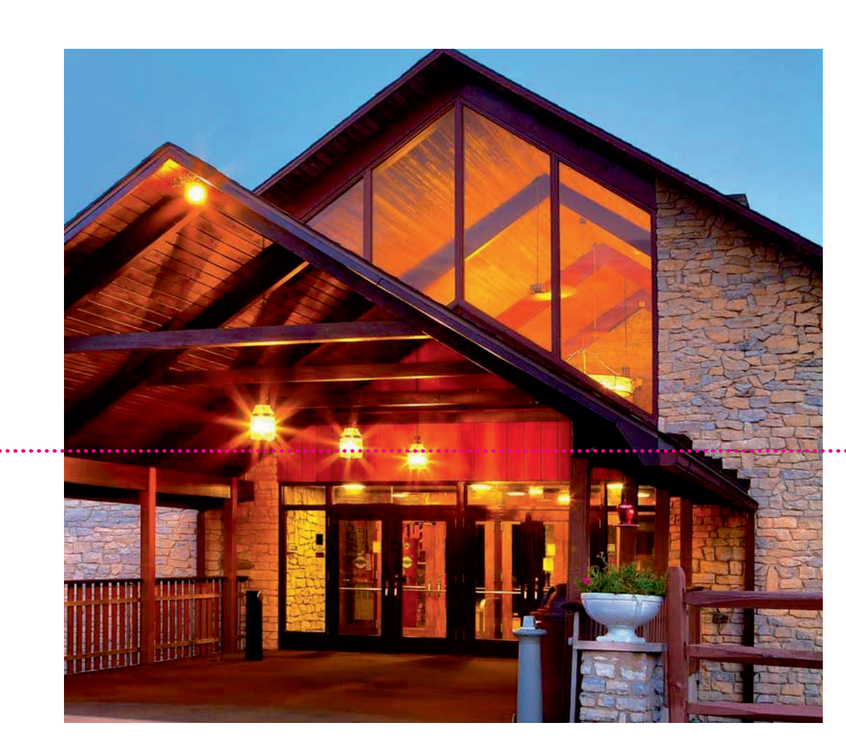

Jesse Owens State Park is a remarkable example of land reclaimed for outdoor recreation, where former mining grounds have been transformed into a thriving natural landscape. Surrounded by thousands of acres open to public use, the park offers abundant opportunities for fishing, paddling, hunting, and free primitive camping. Visitors can also explore Miner's Memorial Park, home to the iconic Big Muskie Bucket and a tribute to the region's mining heritage, blending history, conservation, and adventure in one unique destination.

Morgan County's Covered Bridge Trail is a scenic, self-guided journey connecting five historic bridges, each offering a glimpse into the county's rich past. Winding country roads follow the Muskingum River, weaving through rolling farmland and quiet small towns where life moves at a slower pace. It's a place shaped by craftsmanship, community, and countryside beauty, best experienced one bridge, bend, and back road at a time.

Burr Oak State Park, one of Ohio's resort parks, blends modern comfort with the rugged beauty of the great outdoors. Forested ridges, quiet hollows, and a scenic lake set the stage for hiking, boating, and exploring miles of trails, including sections of the Buckeye Trail. Today, visitors can experience this working piece of history while enjoying scenic river views, picnic areas, and access to communities and outdoor recreation along the waterway.
